

High Indian Birth Rate Gives Hope of Rejuvenating "Vanishing" Race

American Tribes No Longer Headed Toward Extinction. Intensified Educational Campaign Will Spread Gospel of Clean Living and Sanitation.

The new policy of the Government to assign lands individually to the Indian population of the United States and thus to break up the old Indian reservation system, gives rise to a problem of race amalgamation which the Episcopal Church in its Nation-Wide Campaign is facing as an immediate task.

The Episcopal Church has long been ministering to the Indian population of the country in its isolated but rather compact groups, but with the imminent scattering of the Indians among the white population comes a still more pressing demand, a demand which the Church will endeavor immediately to meet. Medical aid, schools, religious instruction and vocational training are all means to the end of making the Indian ready for modern Christian society, according to the vast program of activities as laid down by the preliminary survey of the Nation-Wide Campaign.

Nurses and physicians will preach the gospel of clean and sanitary living conditions, and treat the Indians for their bodily ills. A high mortality rate has prevailed among all the tribes during the past years, due to a lack of proper sanitation and hygiene, and the native vigor of Indian stock has been vitiated. The American Indian is, however, no longer a vanishing race; his birth rate has surpassed its death rate. Manual training schools will be established as a result of the Campaign, and a complete system of grade and high school installed. A thorough program of religious education will be offered and churches will be built for community worship. Training in home economics for the women and girls and in agriculture for the men will also be given.

The Episcopal Church feels confidence in this plan to Christianize and Americanize the Indians of the United States, because of the com-

"LITTLE CHIEF NATIONWIDE" Episcopal Campaign, Mission, South Dakota Reservation

plete success of all its previous efforts in their behalf. Since 1823 the Church has conducted Indian Missions in New Mexico, North Dakota, Wyoming, Arizona, Nevada, Oklahoma, are also making progress in educational and religious training. Many of these have hospital wards and dispensaries.

There are more than 336,000 Indians in the United States whose problem the Episcopal Church will attack with the increase in financial resources and workers that will be the result of raising the Nation-Wide Campaign fund of more than \$42,000,000. Of these Indians, 260,000 cannot read or write English; less than forty per cent. are Christians, and fewer than one-half are citizens.

Lady Grateful For Help Received

"For 15 years I suffered increasingly with stomach and liver trouble. Bloating with gas distressed me very much and caused serious heart suffering. All medicine only relieved temporarily. I gave up hope of ever being cured. My druggist advised me one day to try May's Wonderful Remedy. I am feeling like a new woman since and can now eat anything with no ill results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded—adv.

CROWN POINT

The December meeting of the Woman's Foreign Missionary Society was held at the Presbyterian church on Thursday afternoon. After the lesson which was on Japan, refreshments were served. Mrs. G. J. Brannon and Mrs. E. O. Coleman were the hostesses.

Miss Mary Hixon will spend the weekend with her sister Helen in South Bend. A. R. Rutzon of the Letz Manufacturing Co. is in Milwaukee this week attending a state dealers convention.

Mrs. William Heide entertained a party of ladies at luncheon on Thursday. The members of the Chrysanthemum Club enjoyed one of their bi-monthly spreads at the club rooms on Thursday night. The hostesses in charge of the menu and the evening entertainment were Mesdames Edward Glover, Clem Heniges, and the Misses Ida Schmidt and Gladys Leontine.

Floyd Stoyton, grandson of Mrs. Margaret Heiser, is sick with the small pox and the home of Mrs. Heiser is quarantined, the boy being at her home. The smaller home on Grant st. is also quarantined, three of their children having the disease, which is in a light form but very prevalent in Crown Point just now.

A meeting of the business men of Crown Point was held on Wednesday evening and plans were formulated to relieve the coal situation in Crown Point and on Thursday Mayor Claude Allman issued a proclamation ordering all stores and offices closed after 4 p. m. with the exception of drug stores, ice cream parlors and doctors' and dentists' offices. The merchants of this city gladly complied with the rules and Crown Point on Thursday evening resembled Sleepy Hollow indeed. It is claimed that this closing will save about five tons of coal a day used by the Interstate Public Service Co. in the operation of their plant at the Pan Handle depot.

Better call up The Times and have it sent to your house every night. Then you'll be sure it will be there.

NO MORE CATARRH

This Simple Home Treatment Has Stood The Test of Time.

Every fall and winter, for more than twenty years, thousands of people have made it a daily practice to breathe the air of Hyonol and so keep themselves free from Croup, Coughs, Colds, Bronchitis, Sore Throat and Influenza. This is easily and you should try it. If you will breathe Hyonol daily, as directed, it will free you and keep you free from all these troubles or it won't cost you a cent.

Respiratory & Vocal Exercises. Hyonol is a hard rubber pocket inhaler. The inhaler will last a life time and extra bottles of the liquid Hyonol cost but a few cents. A few drops of oil in the inhaler will last for days and its pure, soothing, antiseptic, healing air, breathed deep, in the air passage of your nose and throat, should keep you free from croup, colds, influenza and catarrh all winter long. Breathe in use, takes but a few minutes daily and is guaranteed to entirely or almost back—Adv.
